Welcome Message

Today's increasingly competitive world makes a motivated work location essential for an organization that wants to achieve good results. Therefore, motivating personnel is a duty and responsibility of an organization for the continuation of the business as a whole.

The paradigm shift in the industrial concept makes personnel at this time a very valuable asset in an organization that determines... Organizational success and future

DR. ABDUL ROFIK, SP, MP
CEO In Our Company

About Our Company

A Brief Story About The Company

PT. Mandiri Fasha Analitika

PT Mandiri Fasha Analitika is a training, consulting, auditing, assessment, and industrial hygiene and environmental measurement service institution that focuses on increasing productivity and quality as well as developing human resources through a management system and personnel skills.

In carrying out services, **PT Mandiri Fasha Analitika** not only increases the knowledge and skills of the participants, but also develops positive thinking and personal motivation and develops an organizational or institutional culture.

PT Mandiri Fasha Analitika is aware that no single organization or institution has the same characteristics, so the problem solving solutions offered are always designed to suit the needs of each organization or institution.

PT Mandiri Fasha Analitika involves dedicated and experienced support resources. Facilitators are personnel who have the mental attitude to always accompany the participants to achieve the strategic goals that have been set.
